

Baseball Team Opens Second Half On Sunday

Auburn Cubs Will Play On
Truckee Diamond
Sunday

The Truckee Mountaineers will lead off the second half of Placer-Nevada baseball league play here Sunday against the Auburn Cubs. After furnishing the league with a soft, plush carpet for the first half, Truckee is looking forward to a better second half, according to Manager John Rau.

"With a little help on the mound and a few shifts in the line-up," Rau says, "we may not take the second half but I expect we'll win more than we lost between now and the end of the season."

Don Jackson, Truckee third sacker, led his team mates at bat in the first half. At bat 29 times, he hit 10 and scored five for an average of .344. Close behind him was Shortstop Ed Ushelmer with seven for 21 and a .333 average. Catcher Mike Korich and first baseman Al Wakefield, each with 31 trips, had averages of .258 and .255 respectively.

Rau, with only two trips during the first half, batted 1.000; Frank Giovannoni, veteran infielder who joined the club late, rapped two for four for .500. Catcher Bud Owens got 1 for 3 for .333 and Pitcher Bert Munson matched that.

Other statistics showed a team batting average of .236 with 60 hits for 254 trips and 32 runs scored. The 41 errors on the score sheet accounted for many of the top-sided scores Truckee was on the short end of in the first half and Rau hopes to cut this figure considerably as the boys now have eight games and several practice sessions under their belts.

FIRST FASHION SHOW AT SCHOOL NEXT WEDNESDAY

The first annual fashion show and tea will be held in the Tahoe-Truckee high school cafeteria at 7:30 p.m. Wednesday, June 18. This event will feature students of Miss Mary MacDonald's home making classes modeling clothes they have made.

Beside the fashion show, the high school band will entertain the audience with several numbers and refreshments will be served by the students. The various committees under the general chairman, Donna Speeter, Diane Abbott, Carol Street and Joanne Allen, have worked hard planning all the arrangements to make this first show a success.

LOCAL MAN HURTS HAND IN ACCIDENT

Hugh Weinand, who is employed at Osburn's Associated Station, suffered painful injuries to his left hand Thursday night when a rim on a truck tire he was repairing came off and caused the inner tube to explode. The rim badly lacerated Weinand's hand before breaking out ten windows in the lubrication department door and lodging in the ceiling.

TRUCKEE YOUTH ENLISTS IN NAVY

Wallace Dean Copeland, Truckee, enlisted in the U. S. Navy through the Reno Navy recruiting office June 5. He was sent to the U. S. Naval Training Center, San Diego, for recruit training. After training, he will receive two weeks leave, then be assigned to one of the Navy's 33 trade schools or sent to a ship of the fleet.

Shower Given For Jody Lea Stewart

Jody Lea, infant daughter of Mr. and Mrs. K. F. Stewart, was honored at a shower, given by members of Pythian Sisters Temple 79 on Thursday evening last at the home of Mrs. F. W. Wilson. Gifts of baby needs were given to Jody and the guessing games were played before the serving of dainty refreshments.

Softball Practices Are Scheduled by Club

Members of the F.O.E. Auxiliary softball club will hold practice each Wednesday evening between 7 and 8:30 p.m., weather permitting, according to Bessie Weinand, manager. Those who will try out the bat, donated by Rasco, will include Ruth Roberson, June Landers, Betty Parkhurst, Eleanor Dominguez, Margaret Davidson, Dolores Curran, Dixie Garcia, Velma Wakefield, Wanda Anderson, Marjorie Calkins and Ida Grack.

Goodwin Knight Slated To Speak Here Tomorrow

Lieut. Gov. Goodwin J. Knight Monday began the most extensive tour of rural California by a constitutional officer since the days of Governor James Rolph in the 1920s and tomorrow night at 7:00 will be a dinner guest of the Truckee 20-30 Club at Donner Lake Lodge. Members of other local area service clubs, their ladies and other non-affiliated individuals have been invited.

From June 9 through June 18, the lieutenant governor will make 31 scheduled stops. Starting at Lone Pine, Inyo County, where he is slated to address a luncheon group gathered in his honor, he will end his way northward to Weaverville. In all, the trip will cover about 3,000 miles.

"I have been looking forward to this trip since my first day in office nearly six years ago," he said. "I hope to obtain first-hand, intimate knowledge of the problems of those who live in our smaller towns."

No lieutenant governor has ever made such a trip and many areas scheduled on his itinerary have never been visited by a constitutional officer. Upon completion of the trip, Knight, during his years in office, will have visited every county and every town of size in California.

Traveling by automobile, the popular official will make overnight stops at Bishop (June 9), Markleeville, Quincy, Alturas, Lake Tahoe and Redding on succeeding nights. Side trips of inspection and personal appearances have been scheduled at Independence, Bridgeport, Susanville, Downieville, Truckee and Dunsen. He spends Monday night in Yreka, speaks at Weaverville and Colusa on the 17th, returning home to Los Angeles June 18.

POT LUCK DINNER SERVED AT MEET OF WYETHIA CLUB

Thirty-six members and guests of the Wyethia Club Friday enjoyed a pot luck dinner served by the losing membership team. Mrs. Dorothy Rose presided. Program chairman for the evening was Mrs. Don Rich of Bliss Park. Miss Wilson entertained with a few piano selections.

The Silver Tea will be held on July 18 at Mrs. E. L. Loynd's home and co-chairmen for the tea are Mrs. R. P. Bick and Mrs. R. C. Gifford.

Hostesses for the June 20 meeting are Mesdames Mary Harrison, Lucille Stout, Dorothy Stice, Julia Ciardella and Miriam Zwarg. Program scheduled for next meeting will be Mrs. Guy Rogers, northern district president, and John Wardman, administrator of the Tahoe Forest Hospital.

SPORTSMEN WILL HOLD OPEN HOUSE

Ted O'Conner and Tony Carter, operators of the Sportsmen at Truckee Resort, announce the grand opening of the establishment on Friday, June 13, when a buffet supper will be one of the attractions. The cocktail lounge has been remodeled and the swimming pool will be in operation. Everyone is invited to join in the occasion.

Doctor Is Leaving On Southern Trip

Dr. and Mrs. L. D. Nelson and son, Douglas, left here today for a two weeks vacation trip along the southern California coast, the doctor having prescribed the trip due to overwork.

During his absence, Dr. Joseph O'Neill of Truckee and Dr. Jose Nessim of Kings Beach will take care of Dr. Nelson's patients and make regular calls at the Tahoe Forest Hospital, as well as caring for emergency demands. Dr. Nelson will return July 1.

OAKLANDER PAYS \$500 FINE HERE

Lloyd H. Jenkins, 44, Oakland, paid a \$500 fine before Justice of the Peace F. W. Wilson Monday after being found guilty of drunk driving and driving with his license revoked. He was arrested by Patrolman Martin Sturck.

Aid Solicited To Complete Work Rescue Vehicle

Unit Will Be Utilized As
Need Demands In
District

Hopes of having the Fire Department sponsored rescue truck in service by July 1 were expressed today by Chief N. F. Dolley.

Dolley said the program is being rushed to completion and now awaits more contributions to put the equipment into first class condition, ready for any and all emergencies. Thus far the contributions have been generous, with the fire department pledging \$200, the Lions Club \$200, George Kaspien \$100, the Ski Posse \$50 and others.

Only through the cooperation of various clubs, resorts and individuals can the necessary equipment be purchased, Dolley said, but he has had assurance of assistance from several quarters to meet the \$1500 required.

The truck has been purchased and overhauled and is now in the process of being equipped with a light generator, cutting torches, fire fighting apparatus, first aid needs, a raft, grappling hooks, basket stretcher, a cook stove, food and numerous other items for search and rescue work.

While the equipment is being sponsored by the Truckee Volunteer Fire Department, its use is not limited to this immediate area and will be used whenever and wherever the necessity demands, Dolley explained. Drownings, vehicle wrecks, fires and others tragedies will all benefit from the truck and its facilities.

"It is our intention," Dolley said, "to answer any and all calls within the area where rescue equipment may result in the saving of lives and property or assist in the recovery of bodies or lost persons. We earnestly solicit financial assistance and anyone or any group wishing to contribute may send their donations or pledges to the Truckee Volunteer Fire Department. The project cannot be a success without aid."

BAY MAN DENIES DRINKING CHARGE

Robert L. Conaty, 38, San Francisco, has entered a plea of not guilty to a charge of driving while intoxicated lodged against him by State Patrolman Martin Sturck. He posted \$300 bail with Justice of the Peace F. W. Wilson. He was arrested here Saturday and Mrs. Conaty was charged with violation of the county's sobriety ordinance.

Gallino Will Aid In Local Policing

Deputy Sheriff Frank Gallino of Nevada City has been assigned by Sheriff Wayne Brown to assist Truckee officers in their drive to halt an apparent uptrend in juvenile delinquency.

Constable N. F. Dolley emphasized that while in his opinion juvenile delinquency here is no worse than in any other community, it is the purpose of the officers to squash any upward tendency before serious trouble develops.

Several recent events in which adults or near adults were involved were cited as examples by the local officer as reasons for the assignment of Gallino.

"It is our purpose," Dolley said, "to prevent trouble before it starts."

See Friends—

Mrs. June O'Toole, former Soda Springs residents, and her father, Martin Huckle of Woodland, stopped to see local friends Monday on their way home after a tour of the United States.

Barrett Here—Thomas Barrett, Nevada County probation officer, was a visitor in Truckee yesterday.

Encouraging Report—Mrs. Barney Phipps and son Brian returned home this week, following a four-days consultation with eye specialists in San Francisco who rendered a favorable report on the condition of the boy's eye, which was injured recently, while playing with an arrow game.

Sun Beams

by Walter M. Barrett

The Truckee Volunteer Fire Department, always a hustling, progressive organization, is sponsoring what may prove to be one of the most valuable pieces of equipment in the entire district. We refer to the rescue and first aid truck now being equipped for use whenever and wherever needed. The firemen, under Chief Tom Dolley, are anxious to have the truck equipped and ready for calls by July 1 and in order to meet this deadline, more pledges of financial assistance will be necessary. Already several donations have been acknowledged but more are needed since the department cannot be expected to shoulder the entire burden. Uses for the equipment are many and varied and are not confined to the immediate vicinity, so the support should come from the whole area. Donations can be made to the fire department. Give what you can and hope that you will never require the use of the truck.

Out of town solicitors, door to door salesmen and itinerant peddlers are all too frequent in this district during the summer months and they often receive encouragement not deserved. May we again suggest that you ask every unknown solicitor or salesman for various competitive merchandise for his authority from the chamber of commerce. This organization is acting as a clearing house for out of town peddlers and the legitimate ones will not mind producing their authority, so ask them before you buy or order.

BAND TO OFFER CONCERT IN HIGH SCHOOL FRIDAY

Two bands will present concerts in the high school auditorium within the next ten days. Friday evening, June 13, at 7:30, the Yuba City High School band will present a public concert at the gym. The organization, one of the better in northern California, is composed of 50 pieces, under the direction of J. W. McRae.

On Wednesday evening, June 18, at 7:30, the local high school band will perform for the public in conjunction with the fashion show in the cafeteria. The band, under the direction of Ernest Douglas, is composed of Charles Smith, Calvin Gandy, Stan Martin, Jimmy Carter, Charles Cozzi, Ed Alameda, Jerry Quam, Bob Tonini, Don Metteer, Donald Stark, Douglas Wilson, Roland Gautsche, Dale Fuson, Ronnie Sanford, Wilbur Conyers, Mayton Record and Mary Ann Tonini.

Principal C. P. King invites everyone to hear these two band programs. This will be the last public appearance of the Tahoe-Truckee high school band under the direction of Douglas.

FOUL WEATHER IS RECORDED LOCALLY

A moderate rainfall occurred here Monday, temporarily lessening the dangers of fire in the fast drying forests.

Following the rain, the atmosphere cooled and this week has been featured on the weather menu by strong, gusty winds, clouds and low temperatures.

While none remained on the ground, whiffs of snow were seen in the air early yesterday morning as the temperature stood at 40 degrees.

Mrs. Maude Gaffield at the Flyers Club reported the temperature dropped to 19 degrees there this morning.

Fifth Birthday of Youth Is Observed

Garry Sturck, oldest son of Mr. and Mrs. Martin Sturck, was feted with a birthday party at his home here Saturday, June 7, to observe his fifth birthday. The cowboy motif was used in the table appointments. Those attending were Diana and Robert Kaspien, Sheila Barrett, Teddy and Dickie Daniels, Mr. and Mrs. Andrew Brazil of Auburn and the honoree's brother, John.

Addition Will Be Constructed At Truckee School

Home For Principal At
Summit Also Is
Planned

The governing board of the Tahoe-Truckee Unified School District in their regular monthly meeting Tuesday night decided it is advisable and necessary to construct a two-room addition to the Truckee elementary school in order to house the growing school population.

In coming to this decision, the board considered the cost of maintenance and operation of the old high school and the inconvenience to the small children in the winter as well as the limited playground space on the hill.

Gordon Stafford, architect, has been requested to prepare the plans and specifications for the new addition. It is hoped by the board that the rooms will be ready for occupancy when the school opens in the fall, E. V. O'Rourke, district superintendent said.

The board approved purchase of sound equipment for the gymnasium of the high school in order that audiences can hear programs presented. A basketball score board was ordered for the gym. The constitution of the student body of the high school was carefully read and accepted with suggestions for minor changes. The board was informed that the bleachers for the high school gym have arrived at the Southern Pacific freight office in Truckee and will be installed within a week.

Plans for a house for the principal of Donner Trail School, to be built this summer, were approved. Past experience in the summit area has proved that the difficulty of securing housing for the principal constitutes a hardship.

The following teachers were employed: Miss Marilyn Dailey of Iowa State Teachers College as high school homemaker teacher, Miss Betty Lou Rakre of Chico as girls physical education and Spanish teacher at the high school, Hugh Smith of Chester as fourth grade teacher at Truckee elementary, Mrs. Louise Bark of Quincy as teacher of the first grade and kindergarten at Tahoe Lake, Miss Patricia O'Brien of Denver to teach first grade in Truckee elementary.

Gages Honored At Farewell Reception

Mr. and Mrs. W. C. Gage who are leaving this month for San Diego were honored at a party given by a group of friends on Saturday evening, meeting in the garden of Mr. and Mrs. R. N. Little, before going to dinner at Donner Lake Lodge. A special cake was served at dessert time and a gift was given to the fete guests. Dancing concluded the affair.

Church Aid Will Be Club Project

On Tuesday the Thimble Club called its first meeting of the season to order in the home of Mrs. Alice Mayer. The project for this year will be to buy some needed item for the Community Methodist Church. The ladies present enjoyed a good visit and light lunch. The next meeting will be held July 8 at 7:30 p.m. with Mrs. Pearl Heller hostess.

Car Recovered By Truckee Patrolman

Before the owner, Melvin McLean of Pittsburg, Calif., was aware that his 1949 Chevrolet had been stolen at Reno, the vehicle was recovered by State Patrolman Martin Sturck at the Truckee quarantine station, where it was abandoned by the thief last Saturday. The Reno police were notified.

J. Wilson McKenney, former partner in the Nevada City Nugget, now director of publications and press relations with the California Teachers Association, was an official visitor here this week.

Traffic Increase Over 40 Noted In State Report

Influx of people into California over Highway 40 stepped up considerably during May, the state department of agriculture announced this week.

Reports from the department's border quarantine stations indicated 316,130 persons entered California from other states during the month by auto and 55,314 by stage. This does not include those entering by rail or air.

At Truckee, second station as a port of entry, 34,577 cars, 12,686 from other states, entered, together with 3,062 trucks and 480 stages, with a passenger total of 97,861.

At the Meyers station, formerly located at Stateline on Highway Fifty, 8,853 cars, 171 trucks and eight buses with 23,178 passengers were counted. The Brockway station, now located two miles south of Truckee, which opened May 8, reported 796 cars, two buses and no trucks, with a passenger count of 2,085.

The 34,577 cars entering via Truckee compared with 24,312 for April, 1952, and with 28,429 for May, 1951—a marked increase over last year.

Truckee was exceeded in volume of travel only by Yermo with 42,877 cars. Blythe was in third place with 27,750 autos, while Brockway occupied last place among the 17 stations reporting.

TAHOE BOOSTERS TO HOLD SESSION AT BROCKWAY

BROCKWAY—Following a luncheon at Brockway Hotel at 12:30 p.m. Friday, a general membership session of the Lake Tahoe Sierra Association and the Lake Tahoe Chamber of Commerce will be held to discuss vital issues and decisions relative to the alliance between the two organizations.

Other important issues scheduled for decision are a year around office and employment of a full-time paid secretary.

This is one of the most important meetings of the association in many years and everyone interested is urged to make reservations and attend.

LOCAL AREA NOW UNDER RENO O.P.S.

SACRAMENTO—(C. N. S.)—Frank E. Judy, Sacramento district director of the Office of Price Stabilization, announces that the area east of Donner Summit, in Nevada, Placer and El Dorado counties henceforth will be served by the Reno office.

Lake Tahoe, Donner Lake and Truckee are in the area, Judy said. The move is made in view of the fact Reno is more accessible to the area involved than Sacramento.

The Reno office handles OPS business already for Modoc, Lassen, Plumas, Alpine, Sierra and Mono counties.

Future inquiries, said Judy, from the area transferred, should be directed to Fred C. Horlacher, Reno district director, 1475 Wells Ave., Reno.

Mapes Is Cited As Vehicle Is Wrecked

Citations charging excessive speed and being on the wrong side of the highway were issued by Patrolman T. F. Sheehan against Charles W. Mapes, 31, Reno, as the result of an accident on the Tahoe-Truckee road Saturday at 3:20 in the morning.

Both Mapes and Shirley Dole, 23, Reno, were treated for minor injuries when the car left the highway and was virtually demolished.

None Is Injured In Automobile Collision

None was injured in a collision of cars driven by Herbert L. Williams, Verdi, and Frank I. Yamada, San Francisco, a chauffeur for Mrs. W. W. Potter of Piedmont, at 2 p.m. Sunday near Hirschdale. Patrolman Carroll Maynard investigated.

Anniversary Date—

Mr. and Mrs. Harry Barnes observed their wedding anniversary Friday, June 6.

Truckee Man Is Drowned During Fishing Accident

Dewain Kent's Body Is
Sent To Idaho
For Burial

The body of Dewain Kent, 58, for the past 20 years a resident of Truckee, who drowned in Boca Reservoir last Sunday, was shipped to Ashton, Idaho, Tuesday by the Truckee Colonial Mortuary and services will be held there in his home town.

Kent, a veteran of the first world war, had been recently employed here by the Stockton Box Company.

Sunday morning he and Dumps Hensley, a well known Norden resident, went fishing on Boca in a boat just acquired by the latter. At 8:20 a.m. Kent, who had been sitting on the bait can, arose to rebait his hook. In some unaccountable manner he stumbled on something in the bottom of the craft, lost his balance and started to fall. Hensley quickly jumped to his rescue but the boat upset, pitching both men into the water.

Only a comparatively short distance from shore at the upper end of the reservoir, both started to swim out but Kent was unable to proceed more than a short distance and when Hensley reached shore and looked back, his companion was going down for the second time.

Nearby fishing boats hurried to the scene but arrived seconds too late to assist the drowning man, who sank to the bottom.

Rescue efforts were commenced at once and the body was recovered at 12:15 p.m. by Hensley, who cast over the spot where he had seen Kent disappear.

Kent came here from Idaho during the dog races in the late 1920's and had since made this his home, working at various jobs as laborer and equipment operator. He was not married but leaves his mother and father, two sisters and a brother, all residing in Idaho.

Coroner Alvah Hooper and Deputy Sheriff Roy Waters were called and made the investigation and brought the body to Truckee. A score or more of others joined in the rescue work.

Vaughn Will Replace Gage at Quarantine

Orval Vaughn, presently in charge of the Coleville quarantine station on Highway 395, has been appointed by the State Department of Agriculture to replace W. C. Gage as chief inspector at the Truckee station. Mr. and Mrs. Gage are leaving June 19 for San Diego, where the former was transferred.

Vaughn, with his wife and baby, will make their home here.

TAHOE ROTARY AT HOMEWOOD

TAHOE CITY—Tahoe City's Rotary Club held their first meeting of the summer at Homewood Resort Tuesday at noon. Discussion was held regarding various club projects, including the annual children's Christmas party.

Visitors were Oren T. Collett, Paradise; Chet Hendrick, Walnut Creek, and Don Huff, Woodland Rotarian and Homewood Resort owner.

Sherilyn Curran Feted at Picnic

A picnic at Donner Lake was the celebration to observe the 10th birthday of Sherilyn Curran, daughter of Mr. and Mrs. William Curran Saturday, June 7. After games and swimming, a picnic lunch topped by the traditional birthday cake was enjoyed by the following: Mrs. Reg Smart and children, Reggie, Karen and Brian; Mrs. Wm. Englehart Jr. and children, Irene, Merrill and Gail; Nona Rae Coffey, Mrs. J. V. Copeland and daughter, Arlene, Judith Bemis, Margaret and Barbara Steele, Mr. and Mrs. Earl Stice.

Sunday Party For Local Boy Enjoyed

Teddy Daniels, oldest son of Mr. and Mrs. Ralph Daniels, observed his fifth birthday with a party at his home here Sunday, June 8. Jello and the traditional cake were enjoyed by the following guests: Garry and John Sturck, Kathryn and Sheila Barrett, Diana and Robert Kaspien, and the honoree's brother, Dickie. His mother was assisted by Rosalie Kaspien.

New Family—

Mr. and Mrs. J. A. Barraclough and two children have arrived from Sacramento, the former having been transferred by the Southern Pacific Company as a lineman.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent, Truckee, California, on or before, and no later than, Monday, the 30th day of June, 1952, at five o'clock p.m., at which time and place bids will be opened for the purchase of one Chevrolet Station Wagon, or equal, in accordance with the specifications on file at the office of the District Superintendent of Schools.

By order of the Governing Board,

TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT
Vernon C. Shattuck, Clerk

TAHOE GUN CLUB BIG SHOOT SET TO RUN JUNE 20-22

KINGS BEACH—The Third Annual Lake Tahoe Gun Club's shoot will be held again this year at the Kings Beach grounds June 20 to 22 inclusive, according to Johnny Rayburn, chairman, and \$1,000 in added money will be the main attraction.

There will be three handicap shoots, sponsored by the Ta-Neva-Ho Club, Sierra Lodge and the North Shore Club of Crystal Bay, Nevada, winding up June 22 with the Ta-Neva-Ho Grand Handicap with \$500 added money.

There will also be competition for the ladies for the high overall trophy.

A Calcutta drawing and buffet dinner will be held at the Ta-Neva-Ho Club Saturday evening, June 21, at 9 p.m. The public is invited. A large number of well-known shooters, famous in trapshooting circles, have already planned to enter the shoot inasmuch as it follows the big event at the Reno Gun Club on June 12 to 15.

Included in the field of entries are George Meyers, Carson City; Carl Collard and Jimmy Holcomb, San Bernardino; the Ferguson brothers, Fontana; R. E. Lewis, Bakersfield; Wake Hunt, Fontana; the famous Mahan combination of father and sons from Roseville; Fred Dambacher, Walnut Grove; Al Brundage and Harold Smith, Reno. There is a possibility that Arnold Riegger, world's champion from Seattle, will also enter.

The ladies' field includes Mrs. Carl Collard, San Bernardino; Mrs. H. O. Comstock, Brockway, and Gloria Mapes, Reno.

Kings Beach entries include Ray Sorensen, Johnny Rayburn, Dixie Reese, Joe King and Fred Baker. It has been unofficially announced that there will be a number of shooters from Modesto, Merced, Redding, San Francisco, Sacramento, Stockton, Las Vegas, Eugene, Ore., Elko, Nev., and Oakland.

A real dark horse in the ladies competition in the LTGC Shoot June 20-22 has entered the picture. Miss Evalyn Johnson, a tall dark haired young lady from Reno has been shooting for less than two weeks under the capable direction of Phil Miller, manager of the Reno Gun Club. On her first squad shoot, after ten days of practice, she broke 19x25, the second time 21x25 and last Saturday, while shooting with Dr. and Mrs. E. Mack, she broke 24x25. Miss Johnson plans on shooting in the ladies' division of the Lake Tahoe Gun Club's shoot next week.

James Stack, son of the late J. Langford Stack, prominent in society circles in Los Angeles, has returned to his home at Lake Tahoe for the summer. Jim, a very well known skeet shooter, is now practicing at the traps and will compete in the June 20-22 shoot at Kings Beach.

Tom Sutton, the sage of the Buckhorn at Kings Beach, has been practicing for the LTGC big shoot next week, has turned in some fine scores and plans to win Class B honors.

Child Health Conference Planned at Kings Beach

TAHOE CITY—A health conference for Lake Tahoe pre-school children residing in Placer County will be held Tuesday, June 17, between the hours of 9 and 11 a.m. at Kings Beach school, according to Mrs. Marie Henry of Tahoe City, member of the county board of health.

Knapps Back—Mr. and Mrs. Ward Knapp, who have been in Hayward, have returned to their Lake Forest home.

LAST RITES ARE HELD IN CAPITAL FOR TAHOEITE'S FATHER

TAHOE CITY—Funeral services were held at Sacramento on Tuesday for Robert E. Johnston, 77, father of Mrs. Imon Mitchell of Tahoe City.

The deceased was well known in the lake district, where he had a home and earlier engaged in business with his brother, William Johnston of Reno. He was an ardent fisherman and hunter.

Johnston died after a lengthy illness in Sacramento, where he was born, attended school and later became a harness maker.

Beside his brother and daughter, he is survived by a grandson, Imon Mitchell, and a sister, Mrs. Wessie James of Carmichael, with whom he had made his home for several years.

At Tahoma—

Mr. and Mrs. Wm. G. Haste of Gardena are arriving this week at Tahoma.

Recovering from Fall—

Mr. and Mrs. Sam Goss have returned to Tahoe City after win-

tering at Livermore, Mrs. Goss recuperating from a fall which occurred while living in the valley.

LITTLE WILD ONES ARE BETTER OFF IN NATIVE HABITAT

SAN FRANCISCO—California's wildlife babies are in for another round of the "vacationer's plague," which Department of Fish and Game employees consider more troublesome than many types of natural predation and pestilence. The peak of the annual "dis-

ease" occurs during the months of June, July and August, the department laments, when vacationers afield vent their otherwise well-meaning adoptive complexes on helpless wildlife youngsters. Deer fawns, especially, are the prey of vacationers who often consider them abandoned by their mothers. Almost without exception, the department asserts, the doe is hidden nearby, watching the tragic adoption proceedings.

Later, state wardens and zoo officials are burdened with requests from the interim parents to take the troublesome stepchildren off their hands. Returning the "Shanghaied" youngster to its parents or original environment is nearly impossible, the department warns. Step-parents of deer and other wildlife may often look forward to damaged gardens or crops, expensive upkeep, and death or injury from their growing wards.

And if that isn't enough to make the possessive vacationer think twice before picking up an "abandoned" animal, the department reports that the maximum fine for the offense is \$500, with an additional threat of six months in jail added to the sentence.

Up from Stockton—
Mr. and Mrs. M. Painter of Stockton were weekend guests at the Don Painter home in Lake Forest, and Mr. and Mrs. James Forbes of Stockton spent Monday and Tuesday with the Painters. **Mitchells Travel—**
Mr. and Mrs. Imon Mitchell and son Dale spent the weekend at Grass Valley, where they were the guests of Mr. and Mrs. Glen Mitchell, owners of a chinchilla farm.

The Mountie and His Horse

"Photo Canadian National Railways"
The Canadian Rockies wouldn't be the Canadian Rockies to American visitors unless they saw a scarlet-coated Royal Canadian Mounted Policeman and his horse. Here is one of the "mounties" who is stationed in Jasper National Park with his horse "Blackie" and in the background is multi-colored Pyramid Mountain across the Athabasca Valley from Jasper Park Lodge.

TRUCKEE PARSON IS ATTENDING METHODIST MEET

The California-Nevada Annual Conference of the Methodist Church will bring 320 ministers and a similar number of official lay members to its six-day, 1952 sessions opening Tuesday, June 10-15, at the College of the Pacific in Stockton. Truckee Pastor A. A. Carmichael and Mrs. George Kamp, lay member, will be in attendance all week.

Dr. Donald Harvey Tippet, resident bishop of the San Francisco area of the church, will preside. He was host bishop to the quadrennial general conference of Methodism which brought thousands of delegates and visitors to San Francisco in April.

The composite report of the seven districts of the conference will be presented by Rev. Robert A. Panzer of Fresno, superintendent of the Fresno district. Dr. D. W. Throckmorton of Sacramento-Nevada District will be present also.

The conference is an organization of 350 local churches with nearly 93,000 members. These figures will be swelled by 11 more churches and 1200 members when Korean, Chinese and Filipino congregations in the area are formally taken into the conference during the forthcoming sessions. Previously, they have had separate status in the provisional Ori-

ental Conference.

Reading of the appointments of the ministers of the conference for the year ahead is among the final orders of business.

Church school and morning worship at the Truckee Community Methodist Church will be held at the regular times Sunday, June 15, with Eugene H. Ridsen in charge.

Retired "Private Eye" Is Rotary Speaker

TAHOE CITY—For their June 3 meeting, the Tahoe City Rotary Club had chicken cacciatore at Bacchi's in Lake Forest and heard a detective story from John Meinbrell, San Francisco Rotarian. He was formerly with Pinkerton Detective Agency for over 35 years, retiring recently.

Other Rotarian guests were Don Huff, Homewood, and Martin Sturcke, Truckee. Henceforth, Tahoe City Rotary will meet at 12:10 p.m. Tuesdays at Homewood Resort for the summer season.

E. M. Frost has returned to Kings Beach for the season from Fortuna.

Crash at 50 MPH Equals Seven-Story Drop

Far too many Californians are driving at speeds which, if an accident occurs, would produce the same damage as though they had plunged off a high building, the California Highway Patrol says.

Patrol officials pointed out that a car—and its occupants—hitting a solid object at 50 miles per hour would be as severely dam-

aged as though it had been dropped from a seven-story building; at 60 miles per hour, the same as a fall from a 10-story building.

The old saying about falls, "it's not the fall that hurts you, it's the sudden stop," applies to speeding as well, they said.

"You can avoid those often fatal sudden stops by driving at speeds at which you are certain you have complete control over your car and will continue to have in case of emergency."

"How can small firms hold their own with a big company like you?"

Men who run small businesses have said such things as: "Some people think we're being frozen out. I'm doing well, but what about others? How can small firms hold their own with a big company like you?"

You can see the answer for yourself when you get a clear picture of the way business firms depend upon one another. Even a big, integrated company can't stand alone.

Our company is a number of parts that fit together like pieces of a jigsaw puzzle. At the center of things, we're refiners. Then to be sure of a supply of crude oil, we drill wells of our own. And to keep up the flow into our refineries and out again, we provide tankers, pipelines and trucks, and distributing organizations. But the territory is broad, the needs many.

Suppliers, competitors and customers—most of them small firms—are needed all around us. Other producers supply over 40% of the crude we need. And we buy thousands of other things, from pipe to paper clips—last year, more than \$110,000,000 worth of goods and services from some 10,000 suppliers in the West alone.

There are many small refiners competing with us. In every field, there are distributors selling either our products for us or competitive lines. For example, here in the West—independent service stations selling our gasoline outnumber Company-owned stations about six to one... and stations selling other brands outnumber our own about 29 to one.

These small firms "hold their own" very well indeed; and through serving well, many of them will grow big. Standard goes right on working to gain new business—competing for your patronage by increasing efficiency of operation, improving products, keeping prices down. But it's clear that a vast number of small firms, too, always will be needed to complete the picture.

WOMEN'S CLUB HELD LUNCHEON AT INN ON THURSDAY

TAHOE CITY—Enjoyable and impressive was the program and dinner held at Tahoe Inn last Thursday by members of the Women's Club of Tahoe. Mrs. Blanche Donaldson presided, with Mrs. Jeannette Mitchell assisting.

Host Bill Becholdt complimented the ladies with cocktails prior to the dinner, which was served in the hotel dining room. The tables were arranged in a U shape and gaily decorated with spring flowers. At one table at the end of the room, a bouquet of white carnations was surrounded by 14 white candles, a special "memory" ceremony being part of the popular spring luncheon. These 14 candles were lighted and as Mrs. Mitchell read aloud the names of the deceased former club members, Mrs. Alma Guth snuffed out a candle for each. Pianist Laura Wilson played softly "Memory Lane" during the service.

A brief report on the cleaning up and repairing of the local cemetery above the golf links was made by Mrs. Eleanor Swanson, the project being one undertaken by the Women's Club last fall. Materials and labor have been donated and a new white picket fence will be erected to enclose the 100 by 100 foot square. The Women's Club will dine all workers on the project which will be done on a Sunday soon when convenient to all concerned.

Mesdames Louise Geier and Beulah Carnell are chairmen for the dinner committee.

Outgoing and incoming officers were honored at the luncheon, those receiving Federation Club pins in present tenure including Mrs. Bancha Donaldson, president; Mrs. Pearl Snyder, vice president; and Mrs. Gladys Anderson, treasurer, all re-elected, and Mrs. Dorothy O'Rourke and Mrs. Jeannette Mitchell, who received past president pins, and Laura Wilson, past secretary, and Mrs. Louise Geier, present secretary, who received federation pins.

It was announced that the Women's Club will sponsor the dedication of the new County Branch free public library, erected last fall at Tahoe City by Carl Becholdt Sr. in honor of the memory of his late wife Julia, a pioneer of the Tahoe City region. Mrs. Ruth Hoffman, local librarian, will be assisted in planning the dedication and issuing invitations by Mrs. Dorothy O'Rourke. Many notables of the state are expected to be present for the occasion.

An afternoon of cards followed the delightful repast, winners including Mrs. C. B. White of Truckee, contract bridge; Mrs. Audrey Brehler, Tahoe City, canasta, and Mrs. Laura Wilson, Lake Forest, canasta. Other prizes of the afternoon were taken home by Mrs. White and Mrs. Sarah Hunter of Lake Forest.

Guests attending included Mesdames Lois L. Dappe, Oakland;

Ethel M. Hancock, Reno; Lucile Bick, Belle White, Agnes Mahne, Bess Reid, Gladys Pedley and Thersia Buddle, all of Truckee; Laura Horman, Donner Lake; Mabel Livingston, La Crescenta, and the following ladies of the Lake Tahoe region: Alma Guth, Elsie Becholdt, Beulah Carnell, Stela Watson, Carol Raymond, Eleanor Swanson, Betty Baker, Mary Stark, Rose Boylides, Ruth Hatch, Audrey Brehler, Dorothy Allen, Mary Deming, Dorothy Painter, Laura Wilson, Louise Geier, Dorothy O'Rourke, Jeannette Mitchell, Blanche Donaldson, Pearl Snyder, Gladys Anderson, Allie Spalding, Evie Waters, Sara Hunter, Martha Snyder, Nettie Raozae, Luda Gross, Dorothea Mil-

ler, Fern Schlueter, Zella Mortimer, Ida Simmonds, Evelyn Bliss, Ruth Mayfield and Ruth Hoffman. A business meeting is scheduled for June 19 and another social will be held on July 3.

NO ROAD
MAKES NO DIFFERENCE TO A 'JEEP'

A 'Jeep' will get you there when no other vehicle can! With 4-wheel-drive, better maneuverability and rugged build, a Universal 'Jeep' travels where there are no roads . . . climbs steep grades . . . goes through deep mud, snow and sand. Ask us for a demonstration of this tough, "go-anywhere" vehicle.

NOTICE OF PRELIMINARY BUDGET 1952-53

Tahoe City Fire Protection District, Tahoe City, California. Notice is hereby given to taxpayers within Tahoe City Fire Protection District that the Commissioners of said District on May 15, 1952 fixed the preliminary budget for Maintenance and Operations at \$1331.00 and Budget for Capital Outlay to pay principal and interest on construction of fire house in the amount of \$1200.00. The preliminary budget may be inspected at the office of C. W. VERNON, Clerk of the Board of Fire Commissioners, by interested taxpayers of the fire district.

A hearing will be held on the preliminary budget on June 16, 1952, at 12 o'clock noon in the office of the Clerk of the Board where any taxpayer may appear and be heard regarding the increase, decrease or omission of any item of the budget or for the inclusion of any additional items. The final budget will then be adopted and sent to the Board of Supervisors of the County. Signed: C. W. VERNON, Clerk of the Board of Fire Commissioners. (m29&j12)

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA

No. 10169 SUMMONS
JOSEPH MATTOS and MARY E. MATTOS, his wife, Plaintiffs,

vs.

O. R. LEWIS, WAN LEE or WAH LEE, MRS. J. F. MOODY; also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership or any cloud upon plaintiffs' title thereto. DEFENDANTS.

Action brought in the Superior Court of the State of California in and for the County of Nevada, and the complaint filed in the office of the County Clerk of said county.

CROFFORD W. BRIDGES, LYNNE KELLY, Attorneys for Plaintiffs, Grass Valley, California.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

O. R. LEWIS, WAN LEE or WAH LEE, MRS. J. F. MOODY; also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership or any cloud upon plaintiffs' title thereto. DEFENDANTS.

You are hereby notified that an action has been commenced against you in the above-entitled court by the above-named plaintiffs for the purpose of determining all adverse claims to and clouds upon the title to all that certain real property situate in the Town of Truckee, County of Nevada, State of California, and more particularly described as follows, viz:

All of that parcel of land situate in Section 15, Township 17 North, Range 16 East, M.D.B.&M., and more particularly comprising all of Lots 43 and 44 and the Easterly 6 feet of Lot 45, all in Block "T" of the Town of Truckee, County of Nevada, State of California; a portion of Main Street West to the South of said Block T; and a parcel of land lying between the Southerly line of Main Street West and the Northern boundary line of the Southern Pacific Co. right of way, described as follows:

Beginning at a point on the Northern boundary line of the said Lot 45 in Block "T", distant thereon North 58 deg. 44' 30" East 13.00 feet from the most Western corner of the said lot and running thence along the Northern boundary line of Lots 45, 44, and 43 respectively, North 58 deg. 44' 30" East 39.00 feet to the most Northern corner of Lot 43, said point being also the most Westerly corner of that certain tract of land conveyed by the deed dated September 29, 1930, recorded October 24, 1930, in Book "5" of Official Records, at page 342, executed by Ross E. Pierce and Ruth R. Pierce, husband and wife, to The Pacific Telephone and Telegraph Company, a corporation, thence along the Northeasterly boundary line of the said Lot 43, and the boundary line's Southerly production, and along the Southwesterly line of said The Pacific Telephone and Telegraph Company tract, South 31 deg. 15' 30" East 163.52 feet to the Northern boundary line of the Southern Pacific Co. right of way; thence along the last said line Westerly on the arc of a curve to the left with a radius of 3064.93 feet, the chord of which arc bears South 70 deg. 45' 43" West 39.87 feet, a distance on said arc of 39.87 feet; thence North 31 deg. 15' 30" West 155.21 feet to the point of beginning.

You are hereby directed to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the County of Nevada, State of California, within ten days after the service on you of the summons—if served within this county; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiffs will take judgment for any money or damages demanded in the complaint as arising upon contract, or plaintiffs will apply to the court for any other relief demanded in the complaint.

GIVEN under my hand the seal of the Superior Court of the County of Nevada, State of California, this 5th day of May, A.D. 1952.

R. E. DEEBLE, Clerk (Seal)
By RITA E. HUTCHISON, Deputy Clerk. m22-29j5-12

WEST NEVADA CO. FREEWAY ROUTE IS DECIDED UPON

SACRAMENTO— Construction of a four-lane divided freeway between Grass Valley and Nevada City was brought a step nearer as a result of route adoptions today by the California Highway Commission in Sacramento.

The actions were taken following receipt of resolutions from the city councils of Nevada City and Grass Valley and from the Nevada County board of supervisors, all stating that a hearing by the highway commission was not considered necessary before final decision by the commission.

The routings adopted and declared freeways are as follows:

On State Sign Route 49, from three-fourths of a mile south of Grass Valley to Sign Route 20 in Grass Valley; thence along a new joint routing of Sign Routes 20 and 49 to the east city limits of Nevada City. At that point, the relocation of Sign Route 20 continues northeasterly for one-half mile to a junction with the existing route leading toward US 40 by way of Bear Valley. The proposed relocation of Sign Route 49 toward Downieville from the new junction of Sign Route 20 at the north city limits of Nevada City is nearly a mile in length, rejoining existing Sign Route 49 near the northwest corner of the city limits of Nevada City.

Altogether nearly eight miles of

relocation of existing routes are involved. The recommendations of the Division of Highways, as adopted by the commission, were based on an origin and destination

survey of the traffic and also on studies made with the assistance of local authorities and civic groups to determine the best location considering present and anticipated future needs of through and local traffic.

One of the important features of the proposed plan is the removal of Sign Route 49 from Broad Street in Nevada City. Most of the streets in the historic mining centers of Grass Valley and Nevada City are unsuited to large volumes of through traffic, with the complication of a high percentage of large trucks. Broad Street in Nevada City presents a particular problem in this respect because of its steepness. The people of Nevada City and the state engineers are particularly desirous of accomplishing relocation of this portion of Sign Route 49.

Several highway grade separations and other structures are included in the proposed design for the new freeway.

The joint section to Sign Routes 20 and 49 serves both the important north-south Mother Lode Highway and the east-west Tahoe-Ukiah arterial, as well as the fast growing local traffic.

Rolling grades, curving alignment, narrow width and roadside

REORGANIZATION OF COAST GUARD EFFECTED AT LAKE

TAHOE CITY— The official reorganization meeting of the Lake Tahoe Coast Guard Auxiliary was held at Meeks Bay dining room Monday night, with over 40 members present.

Guests included Lt. Cmdr. Hettich, 12th Naval District, San Francisco; Commodore LaRocca and Lt. Commodore Greelee of the Coast Guard Auxiliary in San Francisco.

Discussion was held on issues involved in new restrictive regulations regarding the use of power boats near Tahoe beaches. Many details were straightened out on Monday night.

Fred Main, commander of the

development made the present highway between Grass Valley and Nevada City congested and inadequate.

Funds are not immediately available for construction. Several years will be required for rights of way purchase alone and decision will then have to be reached as to which portions of the relocations will be constructed first.

Tahoe Flotilla, presided. The local Coast Guard unit has been taken into the Third Auxiliary Division, including Stockton, Sacramento and Lake Tahoe and will henceforth be designated Flotilla 35, instead of Flotilla 61 as in the past.

Art Sonel of Reno was taken in as a member and installed as the radio communications officer for the unit. Improvements are being planned for the communications setup.

At 8:30 p.m. June 23, a meeting will be held at Fred Main's home in Tahoe City to put into operation the new plans necessitated by reorganization.

In California 45.7 million acres of land are federally owned.

SOUTH FORK YUBA GETS BIG PLANT OF CATCHABLE TROUT

The Placerville office of the Department of Fish and Game announced that catchable sized trout will be planted in the South Fork Yuba River in Nevada and Placer Counties and Deer Creek in Nevada County.

The planting of catchable sized trout in these streams has been considered advisable for a long time but problems of production and distribution from existing hatcheries producing catchable sized trout could not be overcome prior to this time. As the result of improved facilities at the Mt. Shasta Hatchery a supply of

catchable trout has become available for planting in this area this year.

The plantings for this year will consist of approximately 20,000 six to eight inch rainbow trout for the South Fork Yuba River and 2,000 for Deer Creek.

Tahoe Weather

TAHOE CITY— The level of Lake Tahoe Monday was 6227.98 with 17 gates open at the outlet. Daily high and low temperatures for the week before were June 2nd: 69, 35; 3rd: 71, 35; 4th: 75, 38; 5th: 69, 44; 6th: 60, 40; 7th: 69, 40; 8th: 75, 41; 9th: low 39.

TRANS-SIERRA TOLL WAY ADVOCATED IN RENO EDITORIAL

A new solution to the trans-Sierra highway problem was advanced this week in the Nevada State Journal of Reno in an editorial entitled "Sierra Toll Road." The Journal had this to say on the subject:

"Trying to meet the ever increasing traffic problem on through highways has produced some radical changes from practices of recent years and as a result the toll-road is coming back."

"Toll-roads were common 100 years ago and were generally privately owned and controlled, operating under state franchise and often without any governmental authority."

"Several of the roads that carried traffic from Nevada to California when Nevada first became a state and for many years thereafter were toll-roads. Had it not been for the enterprise of road builders of those days hoping to make a profit there would have been few roads over the mountains. Some of the roads paid big dividends and some of them did not but they did provide means for stages and wagon teams to carry on the traffic of commerce."

AND THIS IS THE LITTLE WOMAN.

ried traffic from Nevada to California when Nevada first became a state and for many years thereafter were toll-roads. Had it not been for the enterprise of road builders of those days hoping to make a profit there would have been few roads over the mountains. Some of the roads paid big dividends and some of them did not but they did provide means for stages and wagon teams to carry on the traffic of commerce."

"Pennsylvania, New Jersey, New York, Connecticut, Massachusetts, New Hampshire and Maine are among the eastern states that have gone or are going into the toll road business. They are so called 'corridor' states taking care of an enormous amount of through traffic and figure that through traffic should bear more of the highway costs than intra-state traffic."

"California is talking about toll-roads for through traffic and that might be the solution to the problem confronting the state in providing an adequate highway over the Sierra Nevada mountains from Nevada. The Donner Summit road and the Placerville highway are both inadequate and that's particularly true of the Donner highway which carries such a great volume of commercial trucks. The highway should be four-laned or double-decked but at this time the state of California faces so many highway construction projects in more populated areas that funds for the Donner highway are not available and it is far down on the priority list."

"If, however, the state would consider a toll-road over the mountains, on the same basis that the San Francisco Bay bridge was constructed, funds for the construction could be obtained and in the course of a few years the tolls would pay off the bonds with interest. Traffic studies have been made and it would not be difficult to project them to determine the necessary toll to meet the debt."

New Legislators

SACRAMENTO —(C. N. S.)—The legislature counted noses after the primary election and the senate found three new men elected, one incumbent facing a run-off and a run-off between two nominees in Kings County, which will make the fourth new senator next November. In the assembly, there is a certainty of 15 new faces and the possibility of six more as the result of runoffs at the general election.

"My Dad's getting Van Heusen for Father's Day!" from BESIO'S

Plenty of smart Van Heusen styles to make Pop proud come June 15th! Stacks of elegantly styled sport shirts in the famed Van Heusen figure-fit manner. A big supply of Van Heusen Century shirts with the soft collar that "won't wrinkle... ever!" Van Heusen pajamas... so sleepy smooth and comfortable. Come see our popularly priced Van Heusen styles!

Famous Van Gab rayon gabardine. Sport shirts in cool, porous open weaves.

Van Heusen Century shirt — its handkerchief-soft collar "won't wrinkle... ever!" Wears up to two years longer than other shirts tested.

Lots of room for yawning and stretching in our Van Heusen pajamas. Unusual patterns, fine nice-feeling fabrics. Tuxedo or pullover styles.

Ever Drive Your Car Under Water?

Driving East this summer? Route yourself through Detroit and you can save time and get an extra thrill by including a visit to Canada on your trip.

The Detroit-Windsor tunnel, completed in 1930, passes under the Detroit River which separates the United States from Canada. Considered one of the outstanding engineering wonders of the world, over 175,000,000 persons have used it on their travels. It is the only place in the world where you can pass from one country to another by under-water tunnel.

Travelers going East by automobile can save many a weary mile and enjoy a bit of foreign atmosphere by using this route. There is an unforgettable sensation of remoteness in the strange flags, architecture and customs of a different country. Canadian and U.S. officials facilitate your passage across the border. You can enjoy a visit to Windsor, Ontario and surrounding areas by simply showing car registration. It only takes three minutes to go through the tunnel from Detroit to Windsor and it is open twenty-four hours a day.

So rapidly does traffic pass through the tunnel that rarely is there any congestion. License plates from practically every state of the Union attest to the popularity of this quick and inexpensive visit to foreign soil.

LITTLE LIKELIHOOD FOR '52 HUNTS OF ANTLERLESS DEER

SAN FRANCISCO—Because the California Fish and Game Commission assertedly wants to know "all the facts" about the status of deer herds on critical ranges, it has declared three public hearings this month on antlerless deer special hunting seasons, although it indicated little possibility that such shoots will be held in 1952.

The status of the California-Oregon inter-state deer herd will be discussed at a hearing to be held at 8 p.m. June 24 in the Alturas Veterans Hall.

A hearing on possible antlerless deer shoots in Lassen, Plumas and Sierra counties will be held at 8 p.m. June 25 in the Susanville Veterans Hall.

A request of the Fresno County Sportsmen's Club for a special "either sex" deer hunt in the Barton's Flat area of Fresno and Tulare counties will be aired at a public meeting to be held at 10 a.m. June 28 in Fresno.

Under state law, the local hearings are required before antlerless hunts are held. At their May meeting in Alameda, commissioners were told that the hearing requirement should be complied with in the event current surveys or changes in the condition of the herds should demand removal of

surplus animals in 1952.

Commissioner Lee F. Payne announced that the setting of hearing dates does not automatically mean that special hunting seasons will be declared.

California's 1951 copper production has a value of over \$400,000.

Notice of Intention to Engage in The Sale of Alcoholic Beverages

June 5, 1952

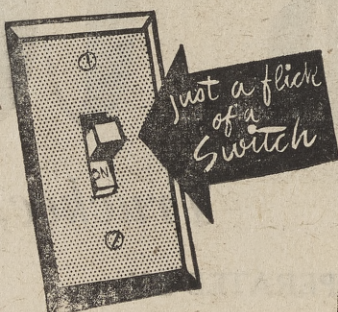

To Whom it May Concern: Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows: N.S. State Hwy. 89, Kings Beach, Placer County.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows: On Sale Beer.

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

a modern miracle

Electricity is indeed a modern miracle. Think of the hundreds of things it does for you... merely by flicking a switch. It cleans your rugs, cooks your food, heats your water, heats your house, washes your clothes, and many, many other duties that ordinarily would be mighty unpleasant and difficult... if not downright impossible.

Electricity is the biggest bargain on your budget. Let it work for you in every possible way.

Warren Delegation Heads Chicagoward on 4th

LOS ANGELES—Gov. Earl Warren and the California delegation to the Republican National Convention are scheduled to leave for Chicago by special train on the Fourth of July, it was announced this week.

Pullman cars for members of the delegation from the southern California area will leave from Los Angeles on Thursday evening,

July 3, to join the rest of the special train at Sacramento. The California delegation special will arrive in Chicago early Sunday afternoon, July 6, the day before the convention opens.

California is sending the largest delegation in history to this year's Republican convention, with 70 delegates and 70 alternates.

More than 500 different kinds of fish live in California's ocean waters.

SWANEE'S Tahoe Letter

Tahoe City, June 9
Dear Tahoeites:
Want to call attention to the coming meeting on Friday, June 13, at Brockway Hotel at which discussion of the proposed alliance of the Lake Tahoe Chamber of

Commerce and the Lake Tahoe-Sierra Association will take place. The luncheon is slated for 12:30 and the business meeting will start at 1:30. Dinner will be \$2 per plate and all are welcome to attend. Suggestions are also welcome as there are many details to be worked out before the new organization can be placed in operation. There seems to be a general feeling of approval in combining the two worthy organizations but

many hurdles are still to be topped. Localites and visitors alike will be happy to learn that the popular Swedish Farmhouse on the lakeshore near the Tahoe City dam is opening for the summer on Saturday evening, June 14, with dinners served from 5 to 10 p.m. Anyone who has dined at this quaint restaurant knows well the delightful Swedish dishes which are available and a dinner party by candlelight is always a treat. On hand to greet old and new customers will be Margit and Don DelCarlo, owners. Call Tahoe City 184J soon and take the family in for a treat.

Attention is called too to an ad appearing in this week's Sun announcing the opening of the Pineland Subdivision office on Highway 89 about two miles south of Tahoe City. For sale is the log house built by Bert Anderson, Pineland contractor, which is in novel block stockade style, rustic and roomy. Prospective customers are invited to drop by and see it and to shop for wooded lots which range from \$850 up. Charles Beardsley and A. D. Wilkie will be on hand to escort customers at their convenience. All lots have water, telephone and electric service available.

Opening officially on June 14 is the newly decorated bar at Tahoe Inn, which is a honey. A few minor fixtures are still to arrive but all who have seen the new Peg Room agree it is modern, cozy and beautiful just the place to meet your friends when at the lake. The bar top is of mahogany and formica and the spacious seats are covered with green leather, the bar stool adding a touch of red for color. Plush lighting in the ceiling and black marble linoleum enhance the appearance of the etched redwood walled room. Large plate glass windows look out onto the lake, especially lovely this week as a bright moon sheds its light across the water. Martin Spitsen was the general contractor; Denis Sach handled the painting job; W. J. Urch, Homewood, the plumbing; Mike Kornazewich, Kings Beach, the linoleum; Snyder Lumber Co., materials, and Bill Jenkinson, the wiring.

Am happy to report the prospects of repairing the fence and cleaning up the little local cemetery are brighter than ever this

week. Bert Anderson, Pineland building contractor, has generously agreed to take charge of the ordering of materials and supervising the task, and other workmen have offered their services. Am sorry to report that Bert Watson, who has been very helpful in measuring off the plot and making a sketch of the graves, is ill in bed with an old leg injury. He was unable to go with Anderson yesterday to look the graveyard over but hopes to be better after the arrival this week of Dr. C. B. Pedersen, who treated him successfully in the past for his ailment. Am very grateful for all this excellent cooperation and we will set a date soon for the work to be done. All men working on the project will be given dinner at Donaldson's Coffee Shop after their labors are over, as guests of the Women's Club of Tahoe, who are sponsoring the graveyard cleanup.

More pretty cards from the C. O. Valentines from San Juan, Porto Rico, and the last from Miami where they again had their feet on the ground after a round of plane hops to the various beautiful islands. They expected to start back for Los Angeles within a few days and admitted they would welcome the cool Pacific breezes at their Costa Mesa home. Also had a welcome card from the Matt Greens who sailed on the President Cleveand for a trip through the Orient. They had just landed at Hong Kong and were en route next to Kobe, Japan. They sent best wishes to all their old friends in the Truckee-Tahoe region.

Came too a card from Mrs. Charles Warner, still a patient at Tahoe Forest Hospital following the birth of a son last week. A few minor complications have arisen to detain her but she hopes to get back to her home on Fairway Drive this week some time. The baby is doing wonderfully.

Had a letter from Harold Ambrosch, moviemaker from Glendale, who was the pioneer moviemaker of Meeks Bay years ago. His wife, Mildred, has just undergone her umpteenth operation, poor dear, but this time it was more successful than the others. On April 12 the doctor operated on her throat and inserted a silver tube so that she can now breathe freely for the first time in over five years. She is a new person, he writes, and has gained 35 pounds since the operation. So now they hope again to some day build on their lot in Timberland, since her health is so much improved.

Have met a number of inter-

esting people since my sojourn at Tahoe Inn. One who will be remembered by old timers here is Ralph Hubbard of San Francisco, now with the bureau of internal revenue. Hubbard first came to the lake some 35 years ago when the old Tahoe Mercantile flourished on the lakeshore at Tahoe City. He worked first for Mr. Shannon at Glenbrook Inn in 1918 and later in 1932 was employed at the old Tahoe Merc. He is vacationing at Tahoe Inn and enjoying visits with

the few old timers left. Other guests at the Inn last week were L. B. Stahl, Sacramento; Tom Rooney, superintendent of Standard Stations in the Lake Tahoe area; T. E. (Ted) Hedden, assistant division manager, Sacramento; Pete Ghelfi and Bob Hefner, with Pureta Sausage Co., Sacramento; Al E. Ricci, San Francisco, with Standard Stations, all being guests of Carl Bechdolt Sr.

Two fires threatened at Tahoe City last week. On June 3 at the

James Baker home on Fairway Drive, Mrs. Baker was burning trash in an incinerator, sparks getting out into the brush but without further damage. Another was on June 5 at Rivers' End Cottages, at the concrete bridge in Tahoe City where one wall of a cottage was burned, started by a heater. Fire Chief Al Henry Jr. said damage should not exceed \$100.

Will ring off for the week with a cheery adios, as ever, Swanee.

From where I sit... by Joe Marsh

"Good Neighbor Policy"

Remember one time when I told about the old loose-stone wall that separated Easy Roberts' property from Handy Peterson's?

That was when they decided they really didn't need the wall between them in the first place—so they simply stopped repairing it.

Now I hear where a fellow, who bought the old Johnson place, wants to buy all those stones. It seems he figures a stone wall is just what's needed on his property.

From where I sit, if that fellow wants to build himself a stone wall,

that's his business. But if it's not really serving any useful purpose he may sooner or later discover—just like Handy and Easy did—that he'd be just as well off without one. Even some old-fashioned walls of prejudice are disappearing—like those that would deny a person's right to a friendly glass of beer now and then. Most Americans are learning that "walls" can get in the way of the persons inside as well as the persons outside.

Joe Marsh

SALES AND SERVICE

COOK'S PLUMBING

Art Cook

Phone Truckee 27

The capable hands of telephone operators are ready to put your calls through—when and where you want.

No one can guess the importance of the calls which will flow through the cable these linemen are installing.

When trouble strikes, telephone men get going fast to keep your telephone always at your service.

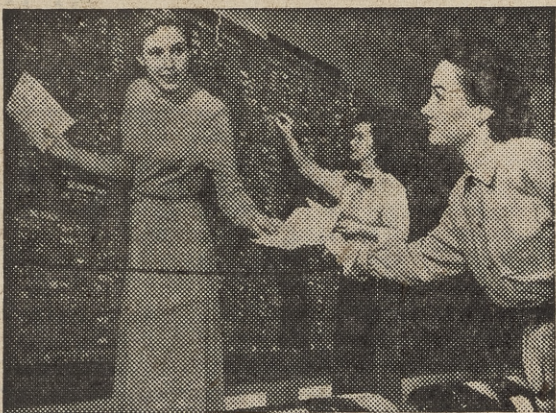

Making it pleasant for you to do business with us is the aim of our business office people who serve you.

Their work keeps our nation united

75,000 Pacific Telephone people are helping make us a nation of neighbors

Perhaps never before has every job done by the men and women on the telephone team been so important to our country. In countless ways, our nation is using the telephone to get things done faster—in defense plants, among our armed forces, on the everyday jobs of all Americans. One of the reasons why we can outproduce any other country is that we have more telephone service, and better telephone service. This service would be impossible without the skill and devotion of the people who work to provide it.

Your telephone is one of today's best bargains

In 1951, our total wage costs came to more than a quarter of a billion dollars—nearly four times that of ten years ago. Yet in spite of higher wages, higher taxes, higher costs of everything we need to provide service, we've kept telephone rates one of the best buys in your budget today.

Re-routing Long Distance circuits is one of the many interesting telephone jobs for women... 48,000 women in the West. And that they like their jobs is demonstrated by the length of time they have stayed in telephone work—longer than seven years, on the average. Among telephone men, the average length of service is now nearly twelve years. Together, telephone men and women account for more than two-thirds of our total operating expenses (in wages, benefits and provision for service pensions). We do all we can to make telephone jobs good jobs... the kind that attract and keep the capable people so important to good telephone service.

PLANE OBSERVERS IN LAKE AREA HOLD 2-DAY TEST

TAHOE CITY—The newly organized ground observation post at Tahoe City, with Constable Harry Johanson supervisor, was put to real wartime test over June 7 and 8 here when the orders were received in a communication from Major Lafayette French, USFA

Com. of Detachment 2, 4772nd Ground Observation Squadron, at Sacramento Air Defense Filter Station. Chief observer is William Conger of Tahoe City.

The orders read that all ground observation posts would be activated for a period of six hours on Saturday and Sunday, beginning at 9 a. m. and continuing until 3 p. m. All aircraft flying within the area of responsibility were to

be reported, including single engine aircraft. Supervisor Johanson called the Sacramento Filter Station at 8:45 a. m. both days, reporting all in readiness and at 9 a. m. observation began. A table was arranged on the porch of the constable's house in town, which is the local station, and observers were provided with an orientation card and compass in order to make accurate estimate of the position of planes. A telephone was at hand with priority given calls at the local switchboard. Four planes were reported Saturday and five Sunday.

Purpose of the training exercise was to check the efficiency of the system under actual conditions, and to enable the authorities at the filter center to determine traffic lead so procedures may be better designed when Ground Observation Corps is activated on a permanent basis. Constable Johanson is mailing the completed ADF to headquarters on Monday.

The list of those appointed by the supervisor in this area includes the following observers: Bessie Dockham, Jack Dunne, Dinty Moore, Shirley Conger, John Starratt, Diane Hughes, John Gaskins, Jay Shontz, Frank Turner, Anne Anderson, William Bechdolt, William Connor, Ralph Burgett, Blanche Donaldson, Arthur Frodenberg, Jean Henry, Gerry Waters, Liesel Myers, Corrinne Otton, Ila Martin, Barney Morrow, John Pingree, Elsie Young and Lenora Bartell. Two more observers are still needed.

Golf Match is Scheduled On Tahoe Links

TAHOE CITY—Carl Bechdolt Jr., owner of the Tahoe City golf links, announces this week that the annual Cal-Neva Invitational Golf Tourney will be held on June 26-27-28. The clubhouse, which sports a new porch after the old one had to be removed due to heavy snow, opens on June 15. Angie Bonino, who has been assistant at the Reno golf course all winter, will return to the local greens as professional again this year. New pipe lines have been installed and more sprinklers added to the course, and grass is shaping up for the early summer play.

Visit Parents—

Here for a visit of several days are Mr. and Mrs. Melvin Lopes of San Leandro at the summer home of his parents, the M. A. Lopes in Timberland.

Business Visitors—

Business visitors at the lake last week included L. B. Stahl, Pete Ghelfi, Bob Hefner, Tom Rooney and Ted Hedden, all of Sacramento, and Al Ricci of San Francisco.

NELSON STONE CITED BY FOREST SERVICE ON SERVICE RECORD

Nelson Stone, fire control assistant of the Tahoe National Forest, and presently assigned to the Truckee Ranger District, was awarded a certificate of merit by Chief Forester Lyle Watts of Washington, D. C. This news was announced today by Guerdon Ellis, supervisor of the Tahoe National Forest, after the certificate was presented to Stone by Regional Forester Clare Hendee of San Francisco at an impressive ceremony at Truckee.

The certificate of merit was presented to Nelson Stone in recognition of his many suggestions for improvement of work technique over the past several years, some of which have been adopted for universal use throughout the forest service in the entire United States. Also recognized was Stone's special assignments as acting district ranger upon four different occasions and on assignments to the division of engineering in a special flood damage repair program.

In presenting the award, Regional Forester Hendee said, "This recognition by Chief Lyle Watts is for the fine work that you have done on the Tahoe National Forest, not only as assigned in your day to day job, but also for the extra time and effort and the many hours you have spent in improving work conditions. Throughout the past years here appears to be an endless list of accomplishments to your credit, all of which have in many ways helped to facilitate the work of the forest service," Hendee concluded.

Nelson Stone began his forest service career at Truckee in 1935 and started at the lowest rank in fire control work. He reached the position of fire control assistant upon his assignment to the Camp-tonville Ranger District in 1945. He was transferred back to Truckee in March of this year as fire control assistant, serving under District Ranger E. E. (Pike) Boehm. He will have additional duties in construction and maintenance of improvements, including winter safety work at the various ski areas on the Truckee district.

Stone is considered an excellent fire fighter and has gained an outstanding reputation as such among fire control organizations over the entire west.

Western Union—

All Western Union offices at the lake are now open. The Tahoe City office hours are 8 a. m. to 9 p. m. Monday through Saturday, Sundays 8 a. m. to 12 noon, 4 p. m. to 8 p. m. Offices are situated at Tahoe City, Brockway, Homewood and Tallac. Tom Olson is in charge at Tahoe City, his wife and two children from Vallejo having joined him here from the summer. They are occupying the Dunshee home in the Bittencourt Tract.

Birthday June 5—Many lovely gifts were received by Mrs. Shirley Conger at Conger's Cafe at the Big Tree in town on Thursday, the occasion being her birthday.

Missing Car Is Reported Found in Merced

TAHOE CITY—Constable Harry Johanson of Tahoe City has announced the recovery of a stolen car in Merced. The car was allegedly taken by Robert L. Haug, 23, who worked at Standard Station at the Tahoe City wye on June 3, after it had been left there for a grease job by Gene Bagwill, local telephone employee. Along with the car Haug is accused of taking \$85 from the cash register. He is in jail in Auburn, where he may be tried on a felony charge following a hearing here before Justice of the Peace C. W. Vernon of Tahoe City.

At Carnelian Bay—

Col. R. C. Jones is again at Carnelian Bay, having spent the winter at Los Gatos.

Are You a SUNscriber?

Swanson to Saratoga—

C. A. Swanson of Tahoe City left on Tuesday for Saratoga, where he will visit at the home of his son-in-law and daughter, Mr. and Mrs. Hugh Purcell. He will attend the graduation of his grandson Teddy from grammar school while below.

BATTLE IN MAKING OVER DEFICIENCIES IN STATE'S ROADS

by HENRY C. MacARTHUR

SACRAMENTO —(C. N. S.)— Although the 1952 session of the state legislature is more than six months in the future, nevertheless an A-1 battle already has shaped up, and unless the joint interim committee headed by Senator Randolph Collier on highways solves some knotty problems, it is unlikely there will be much remedial road financing legislation.

California's highway problem is not new by any means. The need for more and better highways has been a thorn in the side of the legislature ever since the advent of the automobile and the state's road system never has caught up to the increasing number of cars on the highways.

In 1947, the legislature voted the Collier-Burns bill increasing the gas tax a cent and a half, and embarked on a ten-year development program.

Now that five years have gone by, the highway system instead of being a billion dollars in the red, is, according to the state division of highways, approximately three billion dollars "deficient."

This deficiency became appar-

ent in 1951, when Senator Collier submitted a bond plan for a system of super-highways throughout the state, to cost a billion dollars and serve north-south and east-west traffic. Collier's proposal remained in committee for further study.

At the 1952 session, the senator asked for \$156,000 to prepare a new study of the state's highways, including city streets and county roads which are out of the state system, but which are "deficient" in that they carry more traffic than they were constructed to carry.

The legislature voted the resolution but cut the appropriation to \$100,000. This is the crux of the fight which is shaping up for the next session, as Collier announced that because of the cut in funds, the committee must confine its studies to the state highway system, meaning that the city streets and county roads outside the system would get no consideration in the study.

The rural minded state senators on the committee, including the potent Senators George Hatfield of Merced and Ben F. Hulise of Imperial County, appear to be averse to extending the survey beyond the state highway system, Hatfield stating "it will take a lot of selling" to convince him that

more mileage should be added to the highway system.

The interim committee has retained the services of the Automotive Safety Association of Washington, D. C., to conduct the study, the results of which will largely determine where additional funds, if the legislature votes them in one form or another, will be spent. And if the city streets and county roads now jam-packed

with traffic aren't in the survey, they will stand little chance of getting state help.

The controversy will be aired again July 21-23 in Long Beach, when the Collier committee will meet in an attempt to hear the story of the cities and take one more step toward resolving the battle for the highway dollar.

State Workers Pay Boost To Come in August

SACRAMENTO —(C. N. S.)— Californian taxpayers will be relieved of another \$6,600,000 annually, beginning July 1, when new pay increases for 53,500 state employees go into effect.

Officials of the state personnel board said the state employees would receive the raise, which for the most part amounts to five per cent of the salary they receive at the present time, in their August paychecks.

Most department directors receive from \$12,000 to \$15,000 annually. Average monthly civil service salary, however, is \$317.

NOTICE OF INTENTION TO SELL

Notice is hereby given pursuant to Section 3440 of the Civil Code of the State of California, that G. E. Lewis of Truckee, County of Nevada, State of California, intends to sell his business known as the Donner Trail Lumber Company and located on the north side of Highway 40 about 4 miles West of Truckee, the business being that of lumber and building supplies, to Eugene P. Welch, of Truckee, County of Nevada, State of California. The consideration will be paid on Monday, the 23rd day of June, 1952, at 10:00 o'clock A.M. at the office of R. N. Little, Town of Truckee, County of Nevada, State of California. DATED June 11, 1952 G. E. LEWIS

CERTIFICATE OF BUSINESS FICTITIOUS FIRM NAME

The undersigned does hereby certify that he is conducting a lumber yard and retail store of building supplies on the north side of Highway 40 about 4 miles West of Truckee, Nevada County, Cali-

fornia under the fictitious firm name of Donner Trail Lumber Company, and that the said firm is composed of the following person whose name and address is as follows, to wit: Eugene P. Welch Truckee, California

Witness my hand this 11th day of June 1952.

EUGENE P. WELCH
State of California
County of Nevada ss

On this 11th day of June 1952, before me, R. N. Little, a Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared Eugene P. Welch, known to me to be the person whose name is subscribed to the within instrument and acknowledged that he executed the same.

In witness whereof I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

R. N. LITTLE, Notary Public in and for the County of Nevada, State of California. My Commission expires Dec. 12 1953. jys

GOOD PLACE TO EAT!

Truckee, Calif.

Reg Smart, Mgr.

NORTH TAHOE

by THELMA BURROUGHS

Every citizen of North Tahoe will no doubt want a ticket for dinner on the hill at Cal-Vada, Cal-Neva or North Shore Club on the night of June 25, as all proceeds at these places on that night will go toward the purchase of fire fighting equipment to be used in the area covered by the incorporation of the North Tahoe Community Club from the foot of Dollar Hill to Incline Beach, or the Mt. Rose Road. Every property owner should be there that night.

Within two weeks, two homes have burned at Kings Beach. The

Pederson home represented a loss of thousands of dollars in buildings and furnishings, to say nothing of the disfigured landscape and loss of forest surroundings the place.

Then, as Jube Cagle read his evening paper, relaxed completely and fell asleep in his little home on Steelhead Street in Kings Beach, some papers in a woodbox behind his stove ignited, setting fire to the roof over his head. Although the loss in dollars does in no way compare with that of the Pederson loss, each man lost a home. Fortunately, in the heavily wooded area of the Cagle place, the forest was wet with recent rain and the time was about 10 p.m. In record time the only fire fighting equipment available (a garden hose) was brought to the scene of the fire and demonstrated

clearly its ineffectiveness in an emergency. Soon Jerry Little stepped under the spray of water, into the edge of flames and quickly disconnected a propane tank from which a jet of fire burned steadily. Others with shovels soon had the ruins under control.

Another fire threatened here when right after the Pederson fire there was a chimney fire at Sierra Lodge. Let's get that fire fighting equipment. Make your contribution and enjoy the evening on the hill June 25!

Tom Lucas slipped and fell at a local pier, badly injuring his shoulder last Wednesday afternoon. His doctor says he will be disabled for about six weeks.

Leonard and Lois Chanda have returned to the lake for the summer. Leonard is again in the well drilling business while vacationing from his dentistry training.

Nels and Helen Rafdal were recent guests of The Burroughs and other friends at Tahoe. They have purchased a ranch near Banning and Nels still has some building to do around San Clemente.

Mr. and Mrs. Cecil Day of Day's Lake Point have sold out to Ever-

ette and Virginia Mason, who are to take over as owner-managers this weekend. The Masons very recently sold their interest in Silver Sands to their former partners, the Al Bettencourts of Gilroy.

Final hearing on the question of rezoning will come before the people of North Tahoe early in July and will be held at Carpenters' Hall in Kings Beach. Those interested in and affected by this measure will surely make it a point to be there.

CAR STOLEN

Raymond Dunn reported to the highway patrol that his Chrysler coupe was stolen from its parking place on the street here last Thursday.

To New Jersey—Mrs. Henry B. Scarborough of Tahoe City writes, telling of an address change to New Jersey.

May Return West—Mrs. H. M. Walker, former Lake Tahoe resident, has recently moved to Abington, Virginia, to live near her father but expects to return to California to visit for part of the year.

CATHOLIC MASSES ON SUMMER BASIS

Catholic Masses in the Truckee and Lake Tahoe area are now on summer schedule, according to Father Ronan Brennan, acting pastor at Truckee.

Mass is celebrated at the Assumption Church in Truckee at 8 and 10 a.m. each Sunday and at 8 a.m. weekdays. At the Corpus Christi Church near Tahoe City, Mass is heard Sundays at 8, 9:30 and 11 a.m. and at Our Lady of the Lake in Kings Beach at 8, 10 and 11:30 a.m. Confessions are heard at Tahoe City Saturdays from 7:30 to 8:30 p.m. and before all Masses.

Mass is also celebrated at Glavin's Pier, Al Tahoe, each Sunday at 10 and 12 a.m.

Starting last Monday, Catholic summer school is meeting daily in Truckee at 10 a.m. Sisters from the Dominican College at San Rafael are in charge, Father Brennan reports.

FOUR INJURED AT HIRSCHDALE

Four people were injured, none believed seriously, when cars driven by Albert M. Eshpeter, 30, Richmond, and Betty Jane Perry, 28, Sacramento, collided four miles east of Hirschdale.

Hurt were Mrs. Mary Eshpeter, 34, Mrs. Emma Eshpeter, 71, and Dennis Barbieri, 10, all of Richmond, and Virginia Albert, 30, of Sacramento.

Patrolman Carrol B. Maynard cited both drivers for exceeding safe speed limits and Eshpeter was also cited for driving too close. Eshpeter's car, after passing the other machine, got out of control, turned around and resulted in a head-on collision.

CARD OF THANKS

We wish to express our sincere thanks to the Truckee Volunteer Fire Department, our neighbors and friends who gave invaluable assistance when our house caught fire last week. Your help was surely appreciated.

Mr. and Mrs. Don Schuler

Tarzan

by EDGAR RICE BURROUGHS

ABSORBED BY A GRUELLING DEATH-CHASE, TARZAN TRIED TO CLIMB AFTER JORGE DURANA, BUT THE MAN CUT HIS ROPE AND SENT HIM PLUNGING THROUGH SPACE!

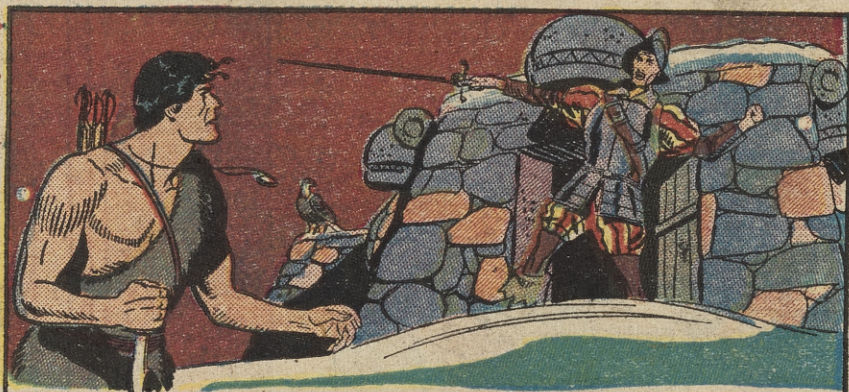

.... INSTEAD OF BEING DASHED AGAINST JAGGED ROCK AFTER SPIRALING DOWN FROM HIGH ABOVE, TARZAN LUCKILY LANDED IN A BILLOWY SNOW BANK!

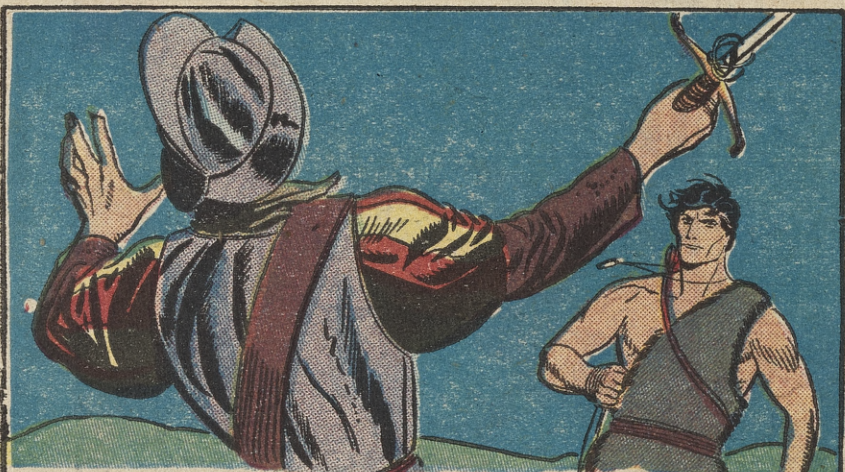

UNDAUNTED, THE APE-MAN CLEARED HIS SENSES AND RENEWED PURSUIT OF THIS CRAFTY ENEMY, UNTIL, FINALLY, THEY REACHED LUNYA'S SUMMIT.

THEN TARZAN PAUSED, CURIOUS. JORGE DISAPPEARED INTO A CRUDE STONE BUILDING, THE SHRINE OF WORSHIP FOR THE INDIAN MOUNTAIN DWELLERS.

MOMENTS LATER HE EMERGED, DRESSED IN THE UNIFORM OF A SIXTEENTH CENTURY SPANISH SOLDIER! PROBABLY AN ANCIENT SOUVENIR OF THE INCAS, IT NOW SHATTERED THE LAST VESTIGE OF HIS SANITY.

"AND SO!" HE BELLOWED, EYES FLASHING. "HERE IS WHERE I KILL YOU-- I, FRANCISCO PIZZARO!"

JORGE, UNCANNILY ALERT, STRENGTHENED IN MADNESS, INCHED SLOWLY TOWARD THE APE-MAN-- HERE WAS THE FINAL SHOWDOWN!
